

My personal box

Student name _____

Class · period _____

Due date _____

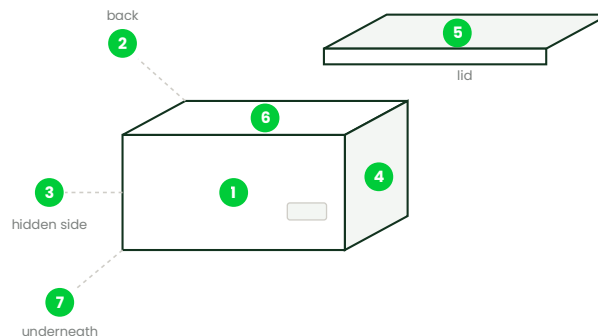

THE SHORT VERSION

Find an empty shoe box. Every surface of it — outside, inside, and underneath — gets decorated to show something about you. Bring the finished box to class.

THE SEVEN SURFACES

Work your way around the box.

1	Front panel	Illustrate your name in a creative way.
2	Back panel	Illustrate the reasons you are learning ASL.
3	One side	Illustrate what makes you unique.
4	The opposite side	Illustrate your talents and skills.
5	Top of the box	Illustrate your dreams.
6	Inside the box	Put some of your favorite things.
7	Bottom of the box	Illustrate what you consider your family.

Every surface is used. Dashed lines point to the faces you cannot see here.
